Enhance your living experience with Martec®

After more than five decades Martec® has become one of Australia's leading providers of cooling, lighting, heating and exhaust products. Our focus has always been on providing our customers with the highest quality, best in class and competitively priced products and solutions to suit every lifestyle.

Our relentless dedication to continuing development, puts Martec® at the forefront of innovation and design. With the latest technology, Martec® now offers an exciting and comprehensive range of heaters and exhaust fans like the newly released – THERMO and PHOENIX which are designed to suit any applications.

The Martec® Promise

A strong commitment to the principles of quality, service and attention to detail ensures we transform these values into unique and dynamic outcomes that are second to none. In order to attain and maintain these objectives, Martec® has implemented a quality management process and system which meets the requirements of AS/NZS ISO 9001. In summary, Martec® is committed to providing an unrivalled product and service offer to its many valued customers.

IPX RATING

IPX stands for **Ingress Protection**. The "X" simply means that the value for that number is missing. Therefore, the product has no protection against solids like dust and dirt.

IPX 8

IPX Rating

WATER

0 No protection.

1 Protected against condensation or dripping water falling vertically.

2 Protected against spraying water when tilted up to 15 degrees vertically.

3 Protected against spraying water when tilted up to 60 degrees vertically.

4 Protected against splashing water from any angle.

5 Protected against low pressure water stream from any angle.

6 Protected against high pressure water stream from any angle.

7 Protected against water immersion. Immersion for 30 minutes at a depth of up to 1 meter.

8 Protected against continual water submersion in under water conditions.

BATHROOM HEATER & EXHAUST FAN CALCULATOR

Note: This calculator is a guide only. It does not constitute specific advice from the Martec® team. You should always check your local building codes and requirements before having a new bathroom heater and exhaust fan is installed.

This calculator can be accessed via our website
https://www.martecaustralia.com.au/exhaust-fan-calculator/

STEP 1:
Select installation location

STEP 2:
Enter your room size

STEP 3:
Product suggestions based on your room size entered
