Introducing Phantom DC
- Our new bladeless ceiling fan

Enhance your living experience with Martec[®]

Introducing Martec[®]'s New Range of Smart DC Ceiling Fans

After more than six decades of leadership in cooling, lighting, heating, and exhaust solutions, Martec[®] continues to push the boundaries of comfort and innovation. We are excited to present our latest advancements: a new collection of Smart DC Ceiling Fans, including standout models like the Phantom DC, a bladeless design crafted to keep you cool and comfortable during the hottest summer months.

Our new lineup also features the Seaforth DC and Albatross II ceiling fans, available in a diverse range of colours and sizes to perfectly suit any space. These fans boast a 6-stage adjustable colour temperature from 2700K to 6000K with variable dimming, enhancing your room's ambiance while delivering superior energy efficiency and whisper-quiet operation.

Each fan comes with an advanced WiFi remote control, providing 6 fan speed settings, a unique comfort sleep mode, and a breeze mode to ensure a restful night's sleep. With this latest range, Martec[®] continues its tradition of excellence in design and technology.

Additionally, our new Quantum DC ceiling fan features all-ABS construction and fast-fix blades, combining durability with easy installation.

Experience the pinnacle of cooling comfort with Martec[®]'s Smart DC Ceiling Fans. Embrace the cool and enjoy the breeze!

The Martec[®] Promise

At Martec[®], our unwavering commitment to quality, service, and meticulous attention to detail drives us to deliver exceptional outcomes that stand out in the industry. We transform these core values into products and services that are truly second to none. Our promise is to provide an unrivaled experience, ensuring that each of our valued customers receives the highest standard of excellence.

REMOTE CONTROLS EXPLAINED

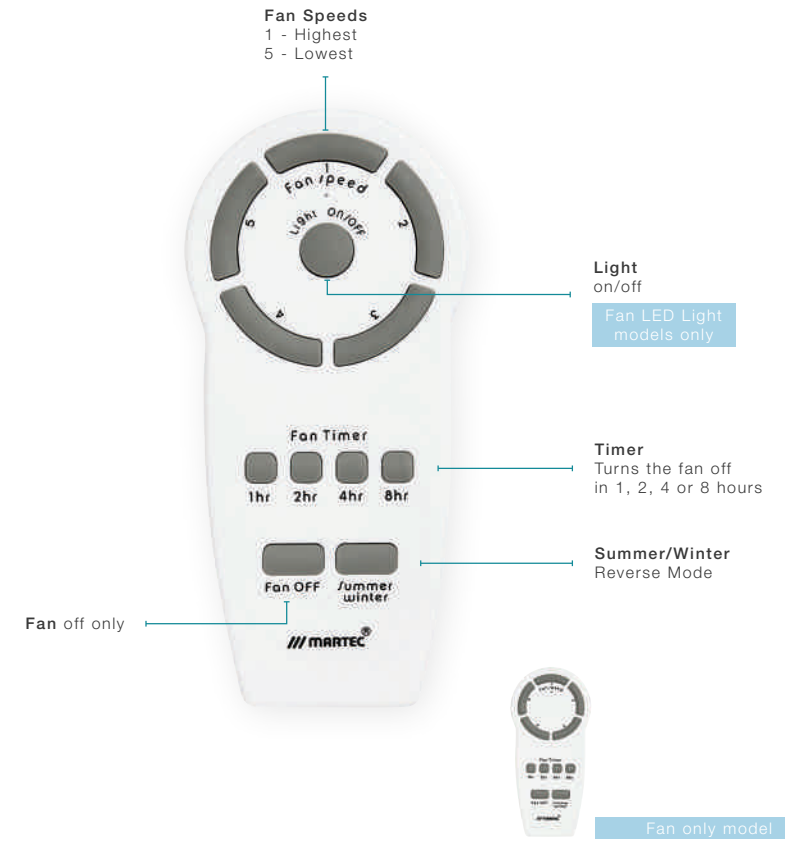

WIFI REMOTE CONTROL

(supplied with **ALL smart + Quantum** DC ceiling fans see p.12-p.63 and p.66-67)

REMOTE CONTROL

(supplied with **All non-smart except Quantum** DC ceiling fans see p.52-p.65)

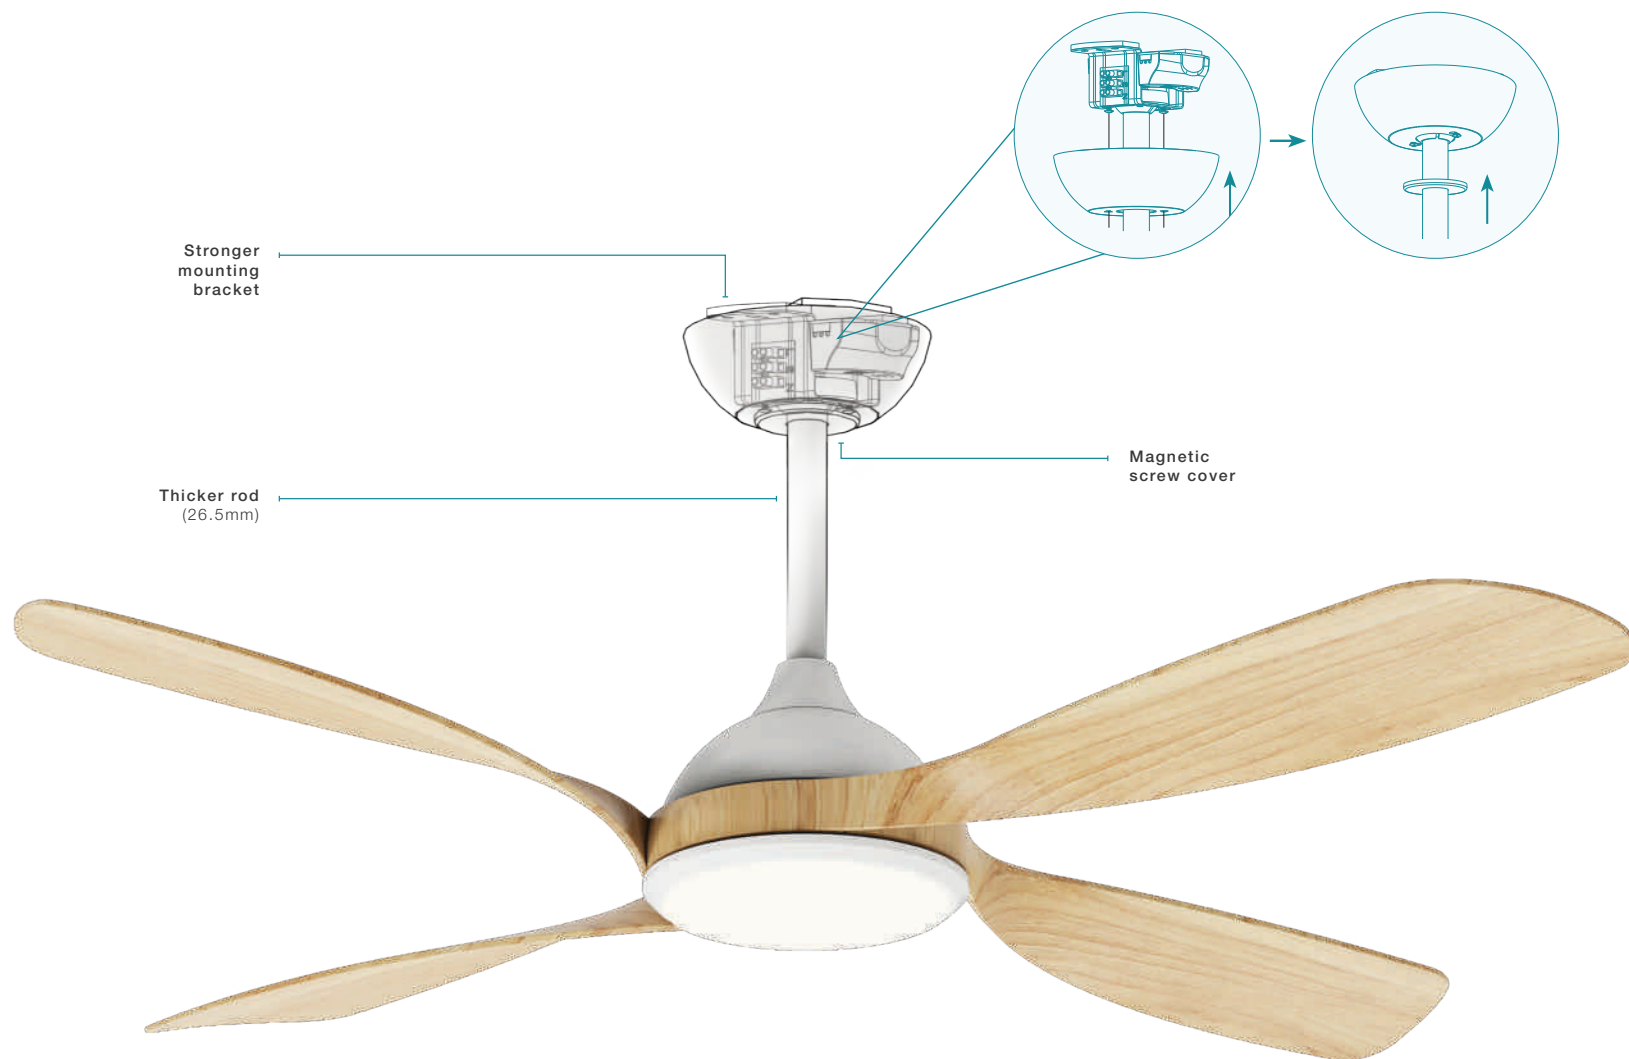

KEY FEATURES

(applies to **ALL smart DC** ceiling fans see p.12-p.63)

- WiFi Smart
- 6 stage CCT (2700K - 6000K)
- Variable dimming
- 8 speed settings (6 fan speed + sleep + breeze mode)
- Stronger mounting bracket
- Thicker rod (26.5mm vs 18mm standard)
- Magnetic screw cover
- Full setting memory
- RAL9016 Australian Ceiling White

SMART DC CEILING FANS

ADVANTAGES OF DC MOTOR CEILING FANS

High Efficiency

DC motors on average consume less energy than conventional ceiling fan motors.

Speed Control

DC motor controllers provide up to 8 speed settings and an easy to use reversing function for summer and winter operation.

Light Weight

DC motors weigh less than conventional fan motors, resulting in a lighter product that is easier to install for electricians.

Quiet Operation

DC motors are very quiet when in operation, ideal for bedrooms.

Remote Control

Smart DC ceiling fans can be operated via a Smart DC remote control (supplied with unique comfort sleep and breeze mode + 6 other speed settings)

ALBATROSS II DC NEW

Large fan leader

MOTOR + BLADES Supplied With  WiFi Remote Control and Timer

MOTOR + LIGHT KIT + BLADES Supplied With  WiFi Remote Control, Light and Timer

FEATURES

- Brushless quiet and efficient 55W DC motor
- WiFi connectivity and operate via Smart Life application
- Robust designed ideal for large areas and covered outdoor applications
- Unique comfort sleep and breeze mode + 6 other speed settings
- Steel body and canopy with 6 aluminium blades
- Fully reversible for summer and winter mode from remote control
- Supplied with 8 speed remote control
- 32W LED with variable dimming (light model only)
- Variable 6 stage colour temperature between 2700K to 6000K (light model only)
- Supplied with 2 downrods

DC CEILING FANS

ADVANTAGES OF DC MOTOR CEILING FANS

High Efficiency

DC motors on average consume less energy than conventional ceiling fan motors.

Speed Control

DC motor controllers provide up to 5 speed settings and an easy to use reversing function for summer and winter operation.

Light Weight

DC motors weigh less than conventional fan motors, resulting in a lighter product that is easier to install for electricians.

Quiet Operation

DC motors are very quiet when in operation, ideal for bedrooms.

Remote Control

DC Ceiling fans can be operated via a DC remote control (supplied).

AC CEILING FANS

ADVANTAGES OF AC MOTOR CEILING FANS

Remote Control

AC motor ceiling fans provide more options for controllers. Choices from remote controls to a simple switch.

Low Cost

AC ceiling fans use less electricity than most household appliances especially air conditioners. A standard AC powered ceiling fan will use less than 100W on the highest speed with the majority of models using much less.

More Choices

AC motor ceiling fans have been on the market for a while now. There are plenty of different options and styles for you to choose from that will be within your budget.
